Offering 1,225 sq ft of well-designed living space, this charming home sits on a generous lot in a mature, family-friendly community known for its quiet streets and small-town feel. Recent upgrades include a newer furnace, hot water tank, central air conditioning, and asphalt shingles (2013). The dishwasher and stove were replaced in 2024, and the washer and dryer were updated in 2021. Importantly, all Poly-B plumbing has been removed — this home is fully Poly-B free. The main floor features three bedrooms, a 4-piece main bathroom, and a 3-piece ensuite, combining comfort and practicality. The fully developed basement still offers ample undeveloped space for storage or future customization — giving you flexibility to make it your own. Step outside to the expansive two-tier rear deck, spanning the full width of the house and overlooking a backyard with no rear neighbors — ideal for relaxing or entertaining.
